

## PUBLIC NOTICE TO ALL CUSTOMERS OF THE VILLAGE OF WRIGHTSTOWN WATER UTILITY

The Village of Wrightstown Water Utility has filed an application with the Public Service Commission of Wisconsin (PSCW) to increase water rates. The increase is necessary due to construction of transmission main for connection to the Green Bay Water Utility and increased operating costs. The last water rate increase was in 2013.

The total increase in water revenues requested is \$198,878 which will result in an estimated overall rate increase of 29% over the water utility's present revenues, comprised of a 49% increase in the charges for general service and no increase in the charges for public fire protection. If the request is granted, the water bill for general service for an average residential customer with a 5/8-inch or 3/4-inch meter who uses 10,000 gallons of water per quarter will increase from \$79.35 to \$115.00, or 45%. When the public fire protection charge is included, the total water bill for an average residential customer with a 5/8-inch or 3/4-inch meter who uses 10,000 gallons of water per quarter will increase from \$89.58 to \$125.23, or 40% overall.

A telephonic public hearing on the application has been scheduled for **Wednesday, May 18, 2016, at 10:00 a.m. in Conference Room C** at the Wrightstown Village Hall, 352 High Street, Wrightstown, Wisconsin. Scheduling questions regarding this hearing may be directed to the PSCW at (608) 266-3766.
