shown on a 25' Movie Screen.

Popcorn, Soda & Water will be
provided while supplies last.
Bring your own Lawn Chairs,
Blankets, and Bug Spray!

Fire Department

Welcome back to summer! As we progress to a more usual summer fun schedule, the Fire Department reminds you to keep your fire pits/camp fires supervised and under control. Be aware there is a Village Ordinance in regard to fire works, and please be respectful to those pets you might be causing stress, with the usage of fire works.

Watch for us at Movie in the Park later this year. We hope to see you at our Open House Sunday September 19 2021, 11am to 2pm. If you are interested in joining the Fire Department please stop in on a Monday night to chat, or go to the Village Hall and fill out an application.

Mike Schampers

ANNUAL BOAT LAUNCH

PERMIT

Available @

Wrightstown Village Hall

Original Permit \$60

Senior Permit \$50 (62 and over)

Replacement Permit \$15

Additional Permit \$5

Annual Water Main Flushing Notice

Water main flushing will occur Tuesday, August 10th - Thursday, August 12th. Flushing removes natural minerals such as iron and calcium, which are harmless, but may discolor water. Check your water for clarity before washing clothes. If water looks discolored, flush through with cold tap water only.

Lawn/Weed Control

Our ordinance – Chapter 130-3 states that weeds/grass/vegetation over 12” on a vacant lot and 8” on a developed lot constitutes a public nuisance. If it is determined that the height of weeds, grasses or other vegetation exceeds the limits, the DPW Staff will cut the noxious weeds, grasses or vegetation and charge the expenses to the property owner. We would like to thank the responsible property owners in the Village of Wrightstown for helping us make the community so beautiful.

Yard Waste

Branches and brush are chipped curbside on recycling Thursdays. Grass clippings, leaves, and garden waste are accepted at the compost site located on Van Dyke Street. **Please do not place your yard waste in your garbage or recycling cart. Banned from WI landfills since 1993, placing yard waste in your refuse container violates WI State Statutes Chapter 287 and Wrightstown Municipal Code Chapter 165.** Responsible dumping and efforts of tidiness are appreciated to ensure longevity of the site and to help with maintenance costs associated with the compost site. Contractors working in the village are not allowed to dump at the site, as are no branches allowed at the compost site. The solid waste container that is located at the site is for disposal of garbage bags used to transport leaves and grass clippings. Please empty all bags as it is unacceptable to leave grass clippings or leaves in bags.

Deduct Meters

Meters are available to customers in permanent or fixed installation as well as portable or temporary. These meters measure water that is used outside the home where sewer treatment of the water is not needed. This measured water amount is deducted from the sewer charge. There is an installation fee for permanent meters as well as a quarterly charge. The portable meters accrue charges by the month for the time it is rented. These meters are available upon request at the Utilities Department. Please contact the office at 920-532-0434 to pick up a portable meter or requirements for a permanent one.

Household Clean-Up Day Summary

The Department Public Works (DPW) and Deyo Disposal worked hard to pick-up all items at the curbside in a timely matter. Over 35 tons of solid waste was collected this year. **That's a lot of trash!** 35 tons = 70,000 lbs or the weight of an average battle tank. Please remember this service is for **Village Residents Only** and should not be used for other communities to drop off their items. To continue in keeping the community looking its best, the Village also offers year round bulk trash, appliance and electronic disposal at the Wastewater Treatment Facility (101 Washington St.) for minimal fees. Please call the DPW or visit www.wrightstown.us for details.

Please keep grass clippings and leaves out of the streets!

Andy Vickman—Director of Public Works
920-532-0434
